

The castle of Tirana was built by one of the descendants of the founder of Tirana, Sulejman Pasha Bargjini (1604), Ahmet Pasha Bargjini, in the second half of the eighteenth century. In 1798, the castle falls into the hands of the family Toptani from Kruja. In addition, visitors are also offered to watch the new traces of the Tirana Castle recently discovered and restored and comfortably intertwined with the surrounding context and infrastructure.
